ADEQ staff was very responsive in providing comments to the CIP for the contentious Arkwood Site. Thanks.

Carl will be travelling to ADEQ next week, along with myself and Carlos. This is a follow up to Carl's request to meet with all the States at their offices. The last time we did this, Carl wanted to be able to discuss any programmatic issues, not just Remedial. Please let me know if you have any issues for Carl raise to ADEQ management, or if you have any points of praise to have him pass along.
